2023 WINTER QUARTER SCHEDULE

REGISTRATION BEGINS DECEMBER 2, 2022

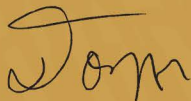

PAAdultSchool.org / 650-329-3752

DEAR COMMUNITY MEMBERS:

Happy Holiday season! It was wonderful getting together with our extended Adult School community, students and teachers to finally celebrate our Centennial and the PreSchool Family 75th Anniversary. It was a resounding success as evidenced in the photo below featuring our enthusiastic PreSchool Family instructors at the event.

Our community partner this quarter is the Palo Alto Rotary Club. This Palo Alto organization brings together business, professional, and community members to support education and provide service to others. The Rotary shares the Adult School's interest in improving our local environment through education and action.

Winter 2023 introduces many new artistic classes, whether you're interested in speculative fiction writing, playwriting, or visual journaling. The cooking program continues to expand with new healthy comfort foods, and quick and easy weeknight meals for busy parents and workers. Design Thinking is the signature creative practice that drives innovation in Silicon Valley. Our classes are open to all - residents & non-residents. There's something for everyone!

PARENTING AND FAMILY

For 75 years, we have offered preschool programs organized primarily for parent education. Parents develop a deeper understanding of early childhood development and parenting skills through adult discussion classes, formal and informal observations, and community exchanges. Our unique participatory structure allows parents to be involved in their children's preschool education.

PRESCHOOL FAMILY

4120 MIDDLEFIELD ROAD • PALO ALTO, CA 94303-4741 • (650) 856-0833

INSTRUCTOR: PRESCHOOL FAMILY STAFF

PreSchool Family is a parent education, parent participation program serving families with children from birth through five years. The program is designed to offer parents an opportunity to learn about parenting and to actively participate in their child's education. For children, the program offers a developmentally appropriate, play-based, educational experience. Parents join their child for one class each week during September–May regardless of the age of the child.

Parent education is the heart of our program and consistent parent participation is required in both the child and the adult classes. We are committed to supporting the welfare of the whole family. Through our program, parents develop a sense of community and strength by working with other parents and their children. We strive to enhance each child's natural curiosity and love of learning. We provide opportunities for children to master tasks that are appropriate for their individual level of development. Periods of free play are complemented by more structured small and large group activities.

In order to build strong families and communities, PreSchool Family serves parents and young children in a way that nurtures, respects, and educates all families, cultures, and religions. Each child and each parent is treated with respect for their individuality and unique potential.
