ENGLISH ENRICHMENT

FOCUS ON LISTENING TO ENGLISH SOUNDS— EXERCISE YOUR MOUTH!

NEW

Instructor: Sara Dykes, sdykes@pausd.org

Prerequisite: Intermediate-Low or higher recommended

When you say “light” and “right”, do people get confused? “Bet” and “bed”? Do your v’s sound like w’s? English sounds can be challenging. *Never fear!* Your mouth just needs a little exercise! This class focuses on trouble areas for native Chinese, Japanese, Korean, and Vietnamese speakers. Level intermediate-low or higher recommended. Students will need to purchase the *Printed Materials Packet* and have regular internet access for certain activities. Students are also encouraged to bring a water bottle because exercising your mouth can dry it out. **NOTE** This class will not “get rid of” your accent. Accents are beautiful, and everyone who speaks English has one. *Yes! Even the teacher!* It will, however, help you be more clearly understood in everyday conversations. The same content will be taught in the morning and afternoon sessions. Please only sign up for one session.

"This school has truly been a life-changing experience for me. I can't even quantify how much this school improved my parenting skills, relationship with my son, and confidence in parenting. The parent education classes are a wonderful way to meet other parents, talk about burning issues, realize that we are not alone in our parenting journeys (and struggles), connect with other parents and develop wonderful long-lasting friendships. With parent participation at PSF, I found there were two very important parts that make it so successful. First was attending the parent education classes to learn about child development, the skills to be a better parent, and to connect with other parents. Second was to volunteer weekly to put those skills into practice in the classroom and shadow the teachers that have developed these skills over decades. I learned so much at PSF, and I can truly say that it has changed my life. I feel much more confident as a parent, and I feel that I now have a toolbox of skills to help me be a much better parent."
